

Enrolling With Selected Courses

The screenshot shows a web browser window for the Thridmill Institute website. The header includes the Thridmill logo, a search bar, and social media links for Facebook, Instagram, LinkedIn, Twitter, and YouTube. The main content area features a large image of a stone building with the text "Thridmill Institute" overlaid. Below this, a message states "This site is still in development. New languages and courses are added on a regular basis." A sidebar on the left lists "Courses" with sections for "English" (including "Foundations Certificate", "Certificate in Biblical Studies", and "Certificate in Theological Studies") and "Español" (including "Certificado de Fundamentos"). A "Collapse all" link is at the bottom of the sidebar. A "Student Information" box on the right provides instructions for enrollment, noting that while a student account is created, it does not automatically enroll the user in any specific course. It explains that users must select a course and click "Enroll me" to be enrolled. It also mentions that all courses are free. The browser interface shows a tab for "Thridmill Institute", a URL of "https://institute.thridmill.org", and a user profile for "Brian McLean".

1. Click on the Certificate in which you are currently studying (see listing of the full curriculum below).

Student Information
Your student Dashboard shows information about your active course enrollments, course progress, as well as other information.
Having created a student account (registration) does not automatically enroll you in any specific course. You are not registered for a particular course until you (1) select the course and (2) click on the **Enroll me** course button. Once enrolled in a course, you can see all the lessons and activities, as well as quizzes and exam. All courses are **free**.
